LEVELDALE GOOD NEWS by Calrossie Good News. Grand champion bull 1952 Chicago International Livestock Show. He is a half-brother to Saltoun Good News whose sons and daughters feature this sale.

## TOOLS OF THE TRADE

Since 1899 Albert Hultine & Sons have been producing registered Polled Shorthorns. In these 60 years progressive cattlemen everywhere have learned to respect and to want Hultine bred cattle for their own constructive breeding programs.

It doesn't matter so much what we say about Hultine cattle, it is their performance you are interested in. What they have done and are doing for others is a measure for what you may expect them to do for you. The Hultines have blended some bloodlines through Saltoun Orange King and Goldfinder's Double that can be writing some more breed history in the years to come. This sale and the Omaha Polled Shorthorn Sale on the preceding day provide two wonderful buying opportunities for those seeking improving cattle.

# HULTINE & SONS POLLED SHORTHORN SALE

## A Brief History of Grey Gables

The herd was started in 1899. Our aim is and has been to make our Polled Shorthorns just as good as the best in the horned division with the added feature of Polled heads. With that thought in mind some top horned animals have been added from time to time.

The Polled bull, Roselawn Marshall, sired three International champion females. He was followed by the horned bull, Mysterious Dale, a double-bred Avondale bull. He sired four polled sons and daughters who became International champions.

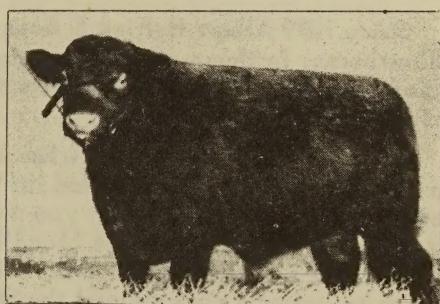

**1920** six imported cows were added, bred by Wm. Duthie, Sylvester Campbell, James Durno and others. The Durno cow, Snowdrift, sired by the Duthie bull, Collynie Cruiser, became grandam of Lord Collynie, a two-time International champion, and today is in the background of nearly all Polled Shorthorns, both in this and foreign countries.

**1942** Prince Rolox and Prince August, both sons of the Perth champion Calrossie Prince Peter, were added to the herd.

**1953** four cows and two bulls from the Claussen Brothers herd were added, all by their two International champions, Goldfinder's Champion and Killearn Max Juggler. One of the Claussen bulls, Goldfinder's Double, was sold after mating two cows. The first calf by him, a polled heifer Goldfinder's Rosewood, became Nebraska State Fair champion in 1956, and again in 1957. Since then he has been repurchased.

Two years ago last spring the imported bull, Saltoun Orange King, was added to the herd. In all there are now 82 calves by him with around 85% polled out of polled cows. His sire, Calrossie Good News, a nine-year-old son of Kirkton Baronet is now in the Bapton Shorthorn herd in Scotland.

Saltoun Orange Blossom, dam of Saltoun Orange King, is rated as one of the best in Scotland, closely related to the \$63,000 Perth champion Pittodrie Upright.

**Glen Knolls Monarch x by  
Collynie Monarch x**

COLLYNIE MONARCH was purchased for \$250.00 by A. G. Schubert & Sons, Hamilton, Ohio, in our 1943 sale. His first son topped the 1946 International Polled Shorthorn sale at \$4,000.00, selling to Lynnwood Farms, Carmel, Indiana.

FEBRUARY 14, 1958 • LINCOLN, NEBRASKA

Fourteen Polled bulls have been used, all State Fair or International champions. A scientific fact, "the polled feature in cattle is dominant."

In choosing animal names as short as possible, we are not using the herd name as a prefix.

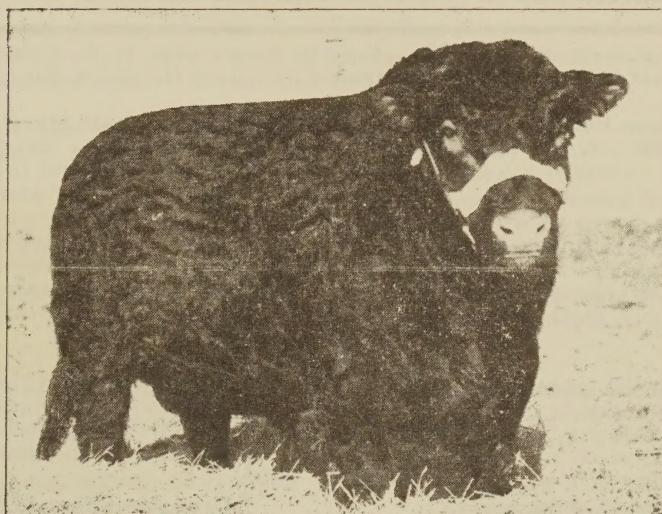

The four Polled bulls, Roselawn Marshall, Mardale, Lord Collynie and Collynie Compact are today in the background of almost all Polled Short-horns.

We fully believe in cross-breeding for commercial purposes. A little cross-breeding can be done within the breed by crossing unrelated families. A line-bred bull or cow will make the cross stronger.

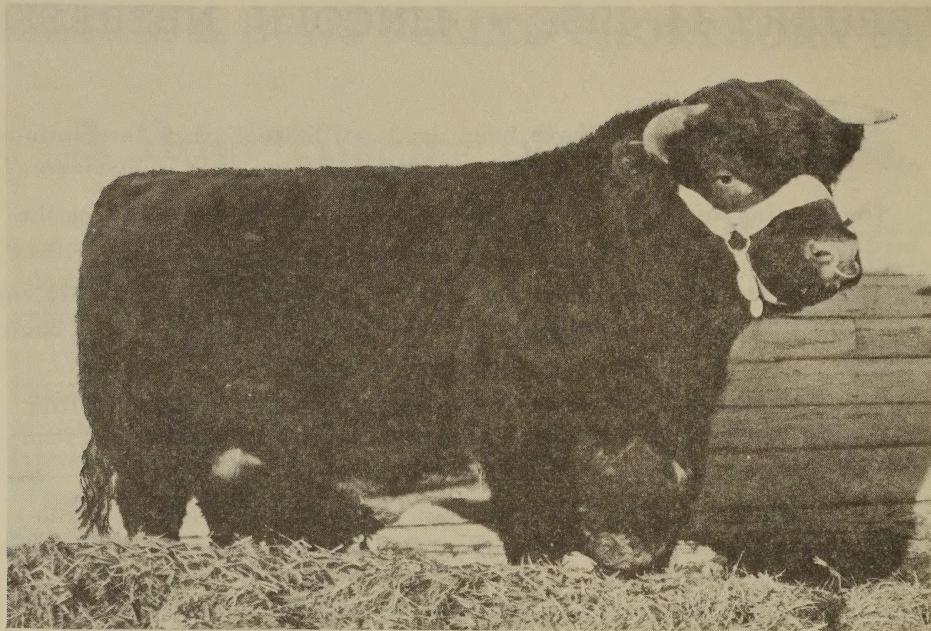

We are including some females which really should be added to the herd. However, the factory is going strong, and believe we will have some of equal merit next year.

ALBERT HULTINE & SONS

### Collynie Fascinator x

Collynie Fascinator by King Collynie Jr. left a great breeding record at Grey Gables before he was sold in 1944 to Kenner Farms, Hebron, Nebraska. He has been a 100% dehorner and consistent sire of modern type, uniform dark colored calves that have been consistent winners at major shows. His first son Fascinator was top selling bull in the 1940 International Sale when he sold to Lynnwood Farm, Carmel, Indiana.

SALTOUN ORANGE KING -- This great breeding son of Calrossie Good News brings some of Scotland's most popular breeding to the Polled Shorthorn ranks in America. Calrossie Good News was first in class and reserve junior champion at Perth in 1949, and sold for 6,000 gns. to Salton, the second top price. As an eight-year-old bull he was purchased in 1956 by the famous Bapton Shorthorn herd in Scotland where he is now in service. He is without question one of Kirkton Baronet's greatest sons. There will be nine bulls by him selling in this sale, and twelve daughters. There will be four cows that have calves at foot sired by him, and many other females carrying his service.

Barbara Clausen and her steer, Salty, Grand champion Shorthorn steer and reserve champion over all breeds in both the Junior and open show of the 1954 International. Sold in the sale of champions for \$3.00 per head. This steer was sired by Goldfinder's Command.

GOLDFINDER'S DOUBLE -- is proving an outstanding breeding bull in the Hultine herd. He is sired by Goldfinder's Command that sired the reserve grand champion steer over all breeds at the 1954 Chicago International Livestock Show for Barbara Clausen, Spencer, Iowa. Goldfinder's Command is by the International grand champion, Goldfinder's Champion. The dam of Goldfinder's Double, Goldfinder's Missie 2d, is by the International grand champion bull, Killearn Max Juggler. It is therefore no wonder that Goldfinder's Double is siring calves that have the right conformation. His first daughter was grand champion at the 1956 and 1957 Nebraska State Fairs and sells in this sale. His get and service are a feature of this auction, and polled breeders can profit by using some of his polled sons and daughters.
